

How do I know my ringsize?

Take a well-fitting ring and measure the diameter.

Please note: this is the inside size, so without the material.

Or: Measure the circumference of the finger at the point where the ring is worn. (you could do this for example with a piece of string or a tape measure).

As a double check you can compare the diameter with the circumference of your finger.

Inside diameter ring in mm	Inside circumference in mm
15	48
15.5	49
16	50
16.25	51
16.5	52
17	53
17.25	54
17.5	55
18	56
18.25	57
18.5	58
19	59
19.25	60
19.5	61
19.75	62
20	63
20.25	64
20.5	65
21	66
21.5	67
22	68
